ID = Participant identification number; Av = mean

Forest management alternatives: 1. forest nature reserves; 2. close-to-nature forests; 3. combined objective forestry; 4. intensive even-aged forestry; 5. wood biomass production.

Phases of development: E = establishment; Y = young; M = medium; A = adult.

Tree species types: Con = conifer; B/L = broadleaved; Mix = mixed stands of conifer and broadleaved
