

| Fruit Tree Name | Fruit Name                         | Family Name    | Genus species                      |
|-----------------|------------------------------------|----------------|------------------------------------|
| Chiamaguna      | Mbuu<br>(tree variety)             | Tiliaceae      | <i>Grewia villosa</i>              |
| Gintujia        | Ntugia                             | Euphorbiaceae  | <i>Tragia impedita</i>             |
| Kirigurigu      | -                                  | Cactaceae      | <i>Opuntia ficus-indica</i>        |
| Mubata mukundo  | Batamukundo                        | Vitaceae       | <i>Cyphostemma adenocaule</i>      |
| Mubiru          | Mbiru                              | Rubiaceae      | <i>Vangueria madagascariensis</i>  |
| Mubobua         | Mbobua                             | Zygophyllaceae | <i>Balanites aegyptiaca</i>        |
| Mubuu           | Mbuu<br>(bush variety)             | Tiliaceae      | <i>Grewia villosa</i>              |
| Mubuyu          | Buyu                               | Rhamnaceae     | <i>Ziziphus mucronata</i>          |
| Mucimoro        | Macimoro                           | Verbenaceae    | <i>Lantana camara</i>              |
| Mucuura         | Ncuura                             | Sapindaceae    | <i>Deinbollia kilimandscharica</i> |
| Mudura          | Ndura                              | Tiliaceae      | <i>Grewia similis</i>              |
| Mugumo          | Ngumo                              | Moraceae       | <i>Ficus sp.</i>                   |
| Mujee           | Njee                               | Euphorbiaceae  | <i>Bridelia taitensis</i>          |
| Mujuria         | Njuria                             | Malvaceae      | <i>Sterculia africana</i>          |
| Mukawa, Mukagwa | Nkawa, Nkagwa                      | Apocynaceae    | <i>Carissa edulis</i>              |
| Mukenia         | Nkenia                             | Verbenaceae    | <i>Lantana trifolia</i>            |
| Mukoro          | Makoro                             | Ebenaceae      | <i>Diospyros mespiliformis</i>     |
| Mukumangao      | Nkumangao                          | Loganiaceae    | <i>Strychnos madagascariensis</i>  |
| Mukunduthi      | Nkunduthi<br>(oval shaped variety) | Olacaceae      | <i>Ximenia americana</i>           |
| Mukuru          | Makuru                             | Annonaceae     | <i>Uvaria scheffleri</i>           |
| Mukurungu       | Nkurungu                           | Rubiaceae      | <i>Meyna tetraphylla</i>           |
| Mukururu        | Makururu                           | Euphorbiaceae  | <i>Flueggea virosa</i>             |
| Mukuura         | Makuura                            | Fabaceae       | <i>Piliostigma thonningii</i>      |
| Mukuyu          | Makuyu                             | Moraceae       | <i>Ficus sur</i>                   |
| Mungo (Moongo)  | Maongo                             | Apocynaceae    | <i>Saba comorensis</i>             |
| Mpuuuru         | Mpuuru                             | Verbenaceae    | <i>Vitex payos</i>                 |
| Muragwa         | Ndagwa, Ndawa                      | Tiliaceae      | <i>Grewia bicolor</i>              |
| Muramba         | Uramba                             | Bombacaceae    | <i>Adansonia digitata</i>          |
| Murenda         | Ndenda                             | Tiliaceae      | <i>Grewia sp.</i>                  |
| Muronroma       | Ndorama<br>(sphere shaped variety) | Olacaceae      | <i>Ximenia americana</i>           |
| Muruguyu        | Nduguyu, Ncomo                     | Arecaceae      | <i>Hyphaene compressa</i>          |
| Muthana         | Nthana                             | Capparidaceae  | <i>Maerua decumbens</i>            |
| Mutherema       | Ntherema                           | Anacardiaceae  | <i>Lannea rivae</i>                |
| Muthigora       | Nthigora                           | Combretaceae   | <i>Combretum aculeatum</i>         |
| Muthigu         | Mithigu                            | Bignoniaceae   | <i>Kigelia africana</i>            |
| Muthithi        | Uthithi                            | Fabaceae       | <i>Tamarindus indica</i>           |

| Fruit Tree Name | Fruit Name | Family Name   | Genus species             |
|-----------------|------------|---------------|---------------------------|
| Muthwana        | Nthwana    | Rhamnaceae    | <i>Berchemia discolor</i> |
| Mutoo           | Matoo      | Malvaceae     | <i>Azanza garckeana</i>   |
| Mutuunka        | Ntuunka    | Rubiaceae     | <i>Tennantia sennii</i>   |
| Muura           | Maura      | Anacardiaceae | <i>Sclerocarya birrea</i> |
| Muyumu          | Irumu      | Fabaceae      | <i>Acacia senegal</i>     |

| Local Vegetable Name                    | Family         | Genus species                    |
|---|----------------|----------------------------------|
| Magendenakuru                           | Fabaceae       | <i>Senna didymobotrya</i>        |
| Mathorokwe                              | Fabaceae       | <i>Vigna membranacea</i>         |
| Mathuma-mbiti                           | ICACINACEAE    | <i>Pyrenacantha kaurabassana</i> |
| Mathunju                                | Fabaceae       | unknown                          |
| Maturankunu<br>(rurankunu, kuturankunu) | Convolvulaceae | <i>Ipomoea mombassana</i>        |
| Mparia                                  | Fabaceae       | <i>Clitoria ternatea</i>         |
| Muchicha                                | Amaranthaceae  | <i>Amaranthus dubius</i>         |
| Mucungurira                             | Cucurbitaceae  | unknown                          |
| Muthunka                                | Asteraceae     | <i>Launaea cornuta</i>           |
| Ngatu                                   | Cyperaceae     | <i>Cyperus blysmoides</i>        |
| Ngonko                                  | Polygonaceae   | <i>Oxygonum sinuatum</i>         |
| Nkengejia                               | Commelinaceae  | <i>Commelina bengalensis</i>     |
| Nkenia                                  | Verbenaceae    | <i>Lantana trifolia</i>          |
| Nkunda, Nkuuda                          | Fabaceae       | <i>Clitoria ternatea L.</i>      |
| Nterere                                 | Amaranthaceae  | <i>Amaranthus dubius</i>         |
| Rugoya                                  | Fabaceae       | <i>Indigofera lupatana</i>       |
| Rwoga                                   | Amaranthaceae  | <i>Amaranthus graecizans</i>     |
